Holiday Schedule for Curbside Collection

Observed holidays that may change the weekly rubbish/recycling schedule.

New Years Day

Labor Day

Memorial Day

Thanksgiving

Independence Day (July 4th)

Christmas Day

The Rubbish/Recycle collection schedule will not change for any other holidays even if City Hall is not open to the public. If the observed holiday falls on a weekday, there will be no collection that day and the remaining days of collection will be one day later than normal. For example, if the holiday is on a Monday, the weekly rubbish/recycling collection will begin on Tuesday and finish on Saturday. Therefore, if your collection day is normally Tuesday, for that week it will be collected on Wednesday. If one of these holidays falls on a Sunday, it is typically observed the next day, Monday, resulting in a one-day delayed Holiday collection schedule. There is no collection on Thanksgiving, so the trash normally collected on Thursdays will be collected on Friday, Friday's routes will subsequently be collected on Saturday.

If you have any questions about holiday schedules, please call the Health Dept. at 978-962-3558

Curbside Collection of Trash

Household Waste – Each household will be limited to a 64-gallon volume of household waste per week. Household waste is defined as what is normally generated by families during every day life. **Waste must be put into tied plastic bags before it is placed into the tote.** If residents need additional volume they can dispose of 1 bag per week for free at the AKS Transfer Station or they can purchase official “overflow bags” for \$3.00 each (Bags can be purchased at the Health Dept., City Hall, 25 West St., Leominster, MA). Nothing else will be picked up other than what is contained in the tote and official “overflow” bags. Additional totes can be purchased for \$85 and the additional annual fee is \$220 for collection (Contact Leominster Health Dept at 978-962-3558) to arrange for another tote.

Acceptable Refuse: Rubbish, including but not limited to, Garbage or all organic waste matter (animal, fish, fowl, fruit and vegetable) produced from the preparation of food for human consumption, waste paper, pizza boxes, soiled paper plates, wax paper milk and juice containers, earthen ware (china), clothing, shoes, boots, rubber, glassware, plastics, toys, and small tools.

Not Acceptable Refuse: Demolition and construction debris, windows, screens, doors, microwave ovens, car seats, luggage, air conditioners, explosives, metal objects, televisions, computer monitors, large appliances (stoves, refrigerators, freezers, washers, dryers, trash compactors, de-humidifiers), bulk items, biological waste, toilets, shower stalls, sinks, chemicals, radioactive materials, oil, oil sludge, highly flammable substances, cardboard, septage or human waste, human or animal remains, motor vehicles, large auto or motorcycle parts, by-product waste of rubber, leather or plastics, yard machinery (lawn mowers, snow blowers, leaf blowers), liquid wastes, wood (excluding furniture), fluorescent light bulbs, liquid paint, caustic materials or liquids, paint thinner or remover, pesticides, soil and stone will not be picked up curbside.

Care and Feeding of Your Trash Totes – All rubbish must be placed in tied plastic bags before placing them into the green tote. These can be any kind of plastic bag; they do not need to be “official over flow bags”. Loose rubbish in the tote will create more litter on the street which the homeowner or landlord is responsible for picking up. Do not over fill the tote. If the bags do not slide out when tipped into the truck, the contractor will not stop to manually pull the contents out. **The tote will not be emptied, and it will be the responsibility of the homeowner for disposal.** The top flap on the totes must be closed, do not leave them open and pile up bags of rubbish on top.

Christmas Trees and Holiday Wreaths – Will be picked up curbside during the month of January. They do not have to be placed inside a tote. **Christmas trees left in plastic bags at the curb will not be taken!**

Curbside Collection of Recyclables

Items Acceptable for Recycling – Plastics #1-7, glass and metal food containers that have been rinsed out, newspapers, magazines, catalogues, phone books, brown paper bags, waste paper and broken-down cardboard products. **Do not place recycling in plastic bags before putting them into the blue tote.**

Items Not Acceptable for Recycling – Any pizza boxes or paper products that are soiled with food or drink, any type of plastic bag, Styrofoam of any kind, soiled tissue or paper products, coffee bags, tea bags, organic materials, colored wrapping paper, broken glass, wax paper and wax paper milk and juice containers. **Do not place recycling in plastic bags before putting them into the blue tote.**

Care and Feeding of Your Recycling Totes – All containers must be washed and rinsed of residual food products. Paper, glass bottles, cardboard, metal cans and plastic all go into the same container. Do not put items in plastic bags for recycling. Do not over load the tote with heavy paper or pile up materials so the top cannot be closed. Most small plastic and metal food or drink containers can be stomped flat on the ground prior to placing them into the tote. This will save some volume in the container. Do not place rubbish or anything else that is not recyclable into the blue recycling tote. **Improperly loaded recycling totes will not be picked up and the contractor will not return until the following week.**

Storage of Totes

Trash and recycling totes shall only be stored on the property that they service. The storage area shall not be located to cause a nuisance to any abutting property and the totes shall be stored so they are not visible from the street.

Emptied totes shall be removed from the curb within 24 hours of being emptied.

Bulk Items

Are limited to upholstered and wooden furniture, mattresses, box springs, rolled rugs (<5' long and < 50 lbs) and large plastic toys. This does not include metal or plastic furniture, pieces of wood or other construction and or demolition materials. Residents may put out one bulk item per week with their rubbish and recycling. A mattress and box spring are considered one item, a table and chairs would also be considered one item, a couch, stuffed chair, ottoman or other large pieces are considered one item.

If you need clarification, contact the Health Department at 978-962-3558 before putting the item(s) at the curb.

Leaf and Yard Waste Program

The city will pick up leaf and yard waste at the curb for 8 weeks in the spring and 8 weeks in the fall. **NO PLASTIC BAGS ALLOWED**. Residents can also take any amount of this material to the AKS Transfer Station all year long. Dates for spring and fall pickup for 2019 are as follows:

- **April 1, 2019 thru May 24, 2019**
- **October 7, 2019 thru November 30, 2019**

Household Hazardous (HHH) Waste Collection Days

Residents will be able to dispose of this type of waste 4 times per year at the DPW yard, 109 Graham Street. Dates for 2019 are as follows:

- **March 23, 2019**
- **June 22, 2019**
- **August 24, 2019**
- **November 16, 2019 (Paper Shredder Available)**

HHH Waste Collected:

Antifreeze, Fluorescent light bulbs, Paint thinner/solvents, Art supplies, Furniture polishes, Pesticides, Auto fluids, Gasoline products, Photographic supplies, Button Batteries, Insect sprays, Rodent killers, Creosote, Kerosene, Root killers, Chemistry sets, Lead acid batteries, Septic tank cleaners, DDT, Metal polishes, Spot removers/solvents, Disinfectants, Mothballs, Pool chemicals, Drain cleaners, Motor oil, Thermostats, Dry gas, Muriatic acid, Toilet cleaners, Engine Degreaser, Nickel-cadmium batteries, Varnish, Flea killers.

Paint: Oil, Marine, Lead Stain & Preservatives. ****No Latex Paint****

****Latex paint will not be accepted as hazardous waste. Leave cans open until they solidify and dispose of them in your normal rubbish. The paint must be dried and solid prior to disposal. If it is still in liquid form when the truck compacter is activated, the can will rupture, and the paint will be released onto the ground. There is a product (Homax Waste Away Paint Hardener) which can be added to the paint to make it harden. It is available at most home centers.****

AKS Recycling & Transfer Station

Residents of Leominster may bring trash, recycling and yard waste to the AKS Transfer Station located at 15 Cobbler Drive, Fitchburg, MA 01420. You no longer need a sticker for your vehicle, but you must have a current driver's license or other proof of residency to present at time of drop off.

The hours of operation for the AKS Transfer Station are as follows:

- **Mondays, Tuesdays and Wednesdays from 9 AM to 1 PM**
- **Thursday and Friday from 9 AM to 4 PM**
- **Saturday 8:00 AM to 11:30 AM (except on certain holidays)**

Residents are limited to bringing 1 bag per week of trash or 1 item that would be equal in volume to a 32-gallon trash bag to the transfer station without a charge. Residents are also allowed to bring in any amount of yard waste and recycling to the transfer station at no charge.

Additional trash will be directed across the scale and paid for in a private transaction with AKS. There is a \$90 minimum charge and users will pay by the pound for whatever they wish to dispose of. The current charge is \$130 per ton. Please note that if you go to the transfer station at anytime other than the schedule outlined above, you will have to pay a higher commercial rate.

**Prices for disposal of these items at the AKS Transfer Station: July 2018
(Please note that these prices are subject to yearly increases)**

Microwave oven: **\$35.00**

Refrigerators, freezers, air-conditioners, de-humidifiers or any item containing Freon (The doors of these items must be removed prior to disposal): **\$25.00**

Stoves, washers, dryers, dishwashers, trash compactors hot water heaters: **Free**

Lawn mowers, snow blowers, (no oil, gas or hazardous materials): **\$35.00**

Television sets and computer monitors: **\$35.00**

Console TV: **\$50.00**

Car tires: **\$25.00** With rims: **\$45.00**

Mattresses or box springs: **\$35.00**

Propane Tanks: **\$25.00**

Oil tanks: **Not Accepted**

Lightbulbs (any kind or size): **\$10.00**

Gas/charcoal grilles (outdoor type, no propane): **Free**

AKS will provide prices for other items not specifically listed above by calling 1-800-965-9425

Metal Items

Scrap metal can be taken to Fiore for no charge, please contact them at 978-353-3193 for specific information on these items.

Winthrop Metals in Fitchburg will take all metal items for no fee except for those containing Freon. Call 978-343-3627 before going to the facility.
